NEW ASSOCIATES FOR CARTER NEWELL'S CORPORATE AND RESOURCES TEAMS

Carter Newell Lawyers is proud to announce the elevation of Caren Obed and Kelly Lowe to Associate in the firm's Corporate and Resources groups respectively.

Caren and Kelly round out the new financial year elevations for Carter Newell alongside Resources Partner James Plumb and Special Counsel in the Litigation & Dispute Resolution practice Nola Pearce.

Caren specialises in corporate advisory and capital markets work, mergers and acquisitions matters as well as financial services work and managed investments schemes.

Kelly practices in Carter Newell's Resources area. She has advised in joint venture operational issues, the petroleum and mining regulatory regimes, and land access and compensation arrangements and has assisted in the sale and acquisition of tenement and joint venture interests.

"The firm continues to focus on growth from within and the elevations of Kelly and Caren are indicative of the experience we have coming up from the firm's junior ranks," said CEO Dr Peter Ellender.

The elevations also reflect the strength of the firm's female lawyers lifting the percentage of women at Associate level now to just below 70%. Since 1 January 2010, nine women across the seven practice areas have been elevated or appointed to senior positions. Overall women now hold over 40% of senior leadership roles at Carter Newell.

Carter Newell is a leading Queensland law firm providing specialist advice to Australian and international corporate clients in the areas of insurance, construction & engineering, resources, corporate law, commercial property, aviation and litigation & dispute resolution.
